Music Festival Draws Large Attendance with an Excellent Program

Northwest Conference Musicians Provide Concert Here for First Time

An estimated 900 persons attended the Northwest Conference Music festival here Monday evening.

They heard an excellent program of band music from an organization of 165 members drawn from the eight schools in the conference. The band was led by Paul Anderson of Milwaukee State College who replaced W. D. Revell of the University of Michigan. Revell was slated for a recording in New York City Tuesday and was unable to keep the appointment at both places.

In addition the crowd was well entertained by choral music from 300 voices drawn equally from the member high schools. They were directed by Marvin Genuchi, director of the Blue Jacket choir at Great Lakes Naval Training Center. The chorus was divided on certain numbers in girl and boy groups.

The festival was brought to Antioch through the effort of Principal Albert Dittman who has served as president of the conference during the past year. Louis Chenette was chairman of the festival, and the instrumental and vocal chairmen were Theodore Chopp and Marian Gerlach, both of Glenbrook.

As one of the pioneers in music festivals, the Northwest High School conference has shown that there is as much fun for the young people to sing together and play musical instruments together as to enter into competition.

Other conferences are likewise establishing festivals with equal success.

This was the first time that Antioch has entertained the festival and was pleased to have the many visitors who seemed to enjoy the event as much as the local townspeople and students did.

During the ceremony honor students from the various schools will present a choral reading, "Miracle of America."

Friday, June 10 Set As Doughnut Day in Salvation Army Drive

Friday, June 10 has been proclaimed officially as Salvation Army "Doughnut Day" in Antioch and Lake Villa.

Village clerks of both places have notified Mrs. Henry D. Paschen, general chairman of the drive, that permission has been given by the village officials to hold the tag day then.

The rest will be used to support partially the social service program conducted by the Salvation Army for the unfortunate of the Chicago area. The camp northwest of Antioch in Wisconsin is one of the Salvation Army projects.

Rep. Murphy Opposes Purchase of Vaccine By State for Polio

Refuses to Permit His Son To Be Vaccinated Until Shots "Safe"

State Rep. W. J. Murphy of Petite Lake is opposed to the state's spending \$1,000,000 to buy Salk anti-polio vaccine for school children and he has some reasons for it.

First of all he refused to allow his son, Jerry, 8, a second grade pupil to be vaccinated along with other pupils at St. Peter's school in Antioch.

"I am most concerned over the complete safety and effectiveness of the Salk vaccine," Murphy said. "I sincerely feel that every child given this shot is being used as a guinea pig."

"I cannot close my eyes to the tremendous investment of \$100 million that the six big laboratories had in this vaccine long before the tests were complete," he said. "This investment made by hard headed business men was made in anticipation of a profit or they never would have invested it."

"They are not philanthropists or humanitarians, but business men," he added.

Step Toward Socialized Medicine
Rep. Murphy said he also is opposed to the state buying vaccine because it would be a step toward socialized medicine.

"The state has never before in its history felt called upon to furnish us our medicine," he contended.

"I strongly object to political capital being made out of such a serious subject."

"If this vaccine is good, if the public wants it, what will be left for the private citizen to buy if the state buys up \$1 million worth?"

"Who will get the 'free' vaccine? For the three shots the cost will be approximately \$9 million. The \$1 million the state wishes to appropriate will care for 110,000 persons. How about the other 7,800,000?"

Who Would Get Vaccine?
"Would the big cities get it all? Would you have to have a political 'in' to get it?"

"We have our county hospitals, our supervisors and poor funds in each township to care for the ones who cannot afford to care for themselves. I know of no instance where anyone needing medical assistance cannot receive it."

"When are we going to hold the line on the state interfering in our private lives? The state is short of money now. The administration feels the need to attempt to increase the sales tax for more revenue. Yet they want to keep on increasing our welfare state. Socialism belongs in England! Socialism is one short step from Communism!"

"We preach home rule—let's practice home rule."

"I took my oath of office seriously and in resisting this publicity stunt on the part of politicians of the state, I feel I was doing my duty. And for this I make no apology," he concluded.

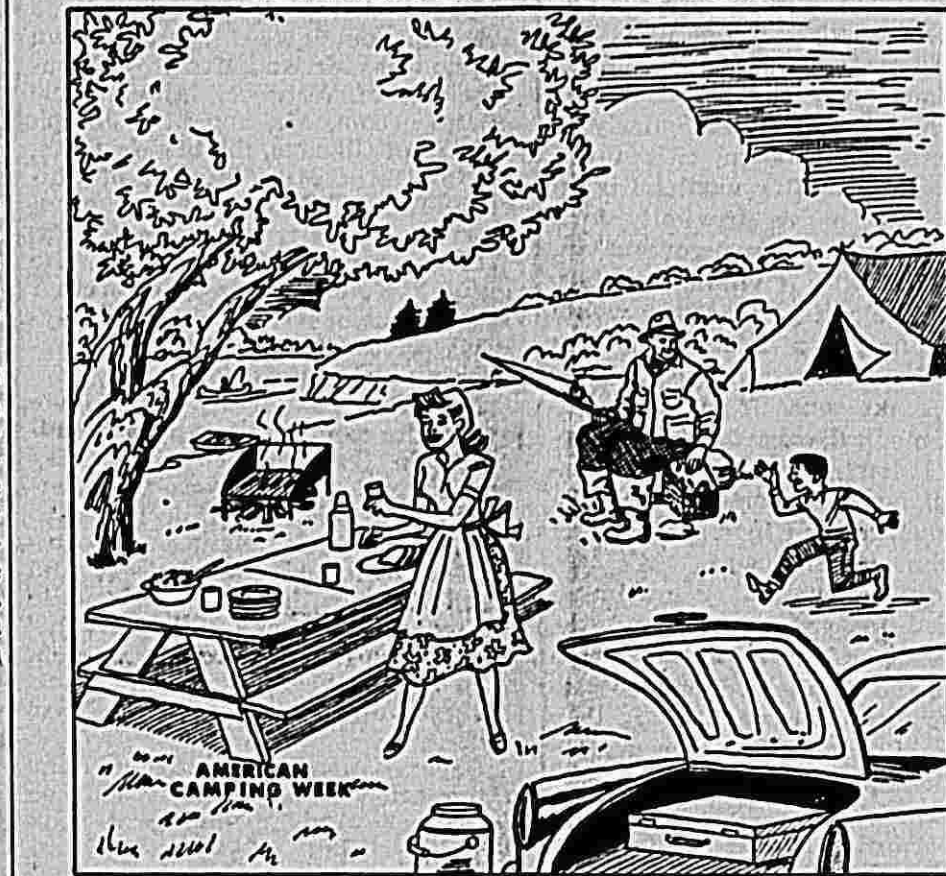

Wilmot Wins in Baseball

Coach Bob Handke's Wilmot Panthers are scheduled to play Mukwonago High in baseball this afternoon, weather permitting, after having won their second straight victory in conference ball, beating the highly-rated Delavan team 1-0 Monday at Fox River Park. Wilmot's pitching star Ev Benedict gave only one hit and struck out 14 Delavan batters.

To Get Salk Polio Vaccine

George Borovicka, of Reeves Drug store announced that he will have a limited amount of Salk polio vaccine available in two weeks for use by local doctors. This will be used for children not eligible for shots given by the schools.

COMMUNION WITH NATURE

Automobile Stolen Here Stripped, Left at Hebron

Bud Conway, Woodstock band leader, couldn't find his car when he left an Antioch dance place Saturday night. Next day McHenry County police were notified that a car minus wheels was sitting near Linn-Hebron cemetery near Hebron. The car, a 1955 model, driven only 2,800 miles was not only minus wheels and a spare wheel, but a tire, battery and floor mats. People are wondering if the thief is the same person who collected equipment from a car belonging to the Pontiac agency here.

Sequoits Beat Pirates at Palatine 4-3 After Dropping Three Games

Antioch High ended a losing streak in baseball Tuesday by winning from Palatine there Tuesday 4 to 3.

Warren Brownlee stole home in the seventh inning and scored the deciding run.

The sequoits overcame a three run rally after two were out in the sixth inning. Larry Lindgren opened the rally with a walk and went to second on Fred Clark's hit to right field.

Wayne Swanson brought Lindgren home on a smashing single off the third baseman's glove, and Roy Ballwanz drove a double to left, his third hit of the game and Clarke and Swanson scored.

Swanson, making his first start of the season was steady in his performance, striking out seven, issuing only three walks and allowing but six hits.

All three walks combined with Pete Goddard's single accounted for (continued on page 12)

Water Patrol Members Split Over Authority; Protest Carrying Guns

There isn't exactly harmony in the new Chain of Lakes Water Patrol.

Nine members resigned Saturday in what they said was a protest against the plan of carrying arms.

"Who's going to carry arms?" replied the officials who said that six members would be deputized by Sheriff Stanley Christian with the provision that they would not carry guns.

When some of the former members of the dis-enrolled Coast Guard Auxiliary flotilla formed a new organization recently, Joseph Armondo, commander of the auxiliary was not among the new officers. Instead, John Shay was named commander; George Grohner, vice commander; Frank Marchetti, secretary; and Patrolman Charles Hermann of Fox Lake, treasurer.

Armondo proceeded to freeze the more than \$2,000 in the treasury of the old auxiliary so that the new organization could not get possession.

Then he and eight others resigned charging the new officials with planning to carry guns and acting in a high handed manner.

"We do not approve of wearing or carrying guns by members of the new Chain of Lakes Water Patrol as desired by the organization group," the resignation said. "The mere carrying of a revolver constitutes a silent threat to anyone a patrolman might be called on to advise or correct."

The statement was signed by Bran Brostek, Neil Martin, Charles Mares, Joseph Armondo, Richard and Victor Oldenburg, Leonard Mueck, Joseph Janouch, and Walter Skord.

Messersmith Chosen Moderator of Church Association in Chicago

The Rev. L. H. Messersmith, pastor of the Millburn Congregational church, was elected moderator of the Chicago Congregational Christian Association in its 102nd annual meeting at the Chicago Theological seminary Tuesday.

He will preside at all meetings during the coming year, will fill

temporary vacancies in committees, and carry out the program of the association.

The Chicago Congregational Christian association comprises churches of the denomination in the Chicago area, mainly Cook and Lake counties.

At present there are 88 churches in the area with 50,000 members. They comprise the largest association of the denomination in the United States.

Ministers of the association and delegates meet twice a year, the annual meeting being held in the spring. This year the fall meeting will be held in October in the Protestant Community church at Mundelein where the Rev. T. S. Sampson is pastor.

Tuesday's meeting at the Chicago Theological seminary was a part of the observance of the one hundredth anniversary of the founding of the institution. Mr. Messersmith was graduated from the Chicago Theological seminary in 1945. He came to Millburn as a supply pastor in 1942.

In attendance at the meeting from Millburn were the Rev. and Mrs. Messersmith and the elected delegates, Mrs. Beatrice Anderson and Mrs. Ada King.

Cancer Drive But \$100 Away from Local Goal; Tag Day Gains \$180

Tag Day in Antioch for the Cancer fund resulted in \$180 in contributions which has brought the fund within \$100 of the \$775 goal, Mrs. Robert H. Berg, chairman, announced.

Although 10 days of the campaign are left Mrs. Berg and her assistants want to reach the goal as quickly as possible.

The county campaign is progressing about the same as it is in Antioch. Dr. Marlin T. Lefler, county campaign chairman, said that about 70 per cent of the goal of \$36,500 has been reached, which means that last year's goal of \$24,000 has been exceeded.

"All who have not yet joined in the fight against man's cruellest disease—which strikes one in four men, women and children sometime in their lifetime—are urged to do so by sending their contribution addressed to 'Cancer' in care of their local postoffice," Lefler declared.

In Antioch they may be sent to Mrs. Berg.

Wauconda Also Class D Winner with Local School as Was Zion in Class C

Grayslake Gets a Superior Rating Along with Waukegan and N. Chicago

Antioch's grade school band won first place rating in the state contest at Peoria Saturday.

It was an historical event for Antioch. It was the first time that any school band from the village ever went to a state contest, and the most remarkable situation was that the youngsters under the direction of George Olisar, faculty member, was able to achieve what some bands over the state have been trying to do for a number of years.

Only four first ratings in class D were awarded among the 16 teams competing in that class. Three of the four were from Lake county and included besides Antioch, Lake Villa and Wauconda.

It was the second time that the Lake Villa band under the direction of Thala Rush, has gone to the state contest, and the first time that the first place rating was obtained.

Lake Villa Gives Reception

Lake Villa gave a rousing reception for its organization. The parents of the youngsters met them at the school and headed by the police squad car and the fire truck formed a parade through the village giving rousing cheers amidst the honking of horns. A sign posted on the school building announced "Congratulations Winners."

The Antioch band was the last contestant on the program and as the result arrived home too late for any celebration. The 64 members were given Monday afternoon off from their studies so that they could watch the practice of the united Northwest Conference band in the grade school gymnasium under the direction of Paul Anderson, who substituted for W. D. Revell, director of the University of Michigan who was unable to be present.

Each of the members of the Antioch band as well as those of other bands received individual medals announcing their ratings.

Antioch Grade school has had a small band for a number of years, but it wasn't until last year when Olisar took over that real interest was shown. In the two years the number of players was increased to 120 and a junior band was formed as well as the senior band.

Uniforms Were Big Help

To add interest, an organization of parents of the band members was formed and through this organization uniforms were obtained which helped them get the first rating.

The grade school band is expected in turn to feed the high school with experienced players and eventually add to achievement in that school.

Lake Villa's grade school has been a step or two ahead of Antioch in organization, but the two came under the wire together at Peoria Saturday much to the mutual delight of both schools which are in the same high school district.

Grayslake in Class E accomplished the remarkable rating of superior which is the highest award and a step above first place.

Also receiving superior rating were Waukegan and North Chicago. Zion obtained first rating in Class C. It was the first time that school had ever received a first rating, and likewise the first time that Wauconda in Class D received a first.

Peru was the only school in Class D to receive a superior rating and that school has been playing in state contests for years.

Sheriff's Police Aid in Preventing Teen-age Fight Wed.

A large gathering of teen-agers, numbering six car loads was dispersed from the intersection of routes 21 and 173 last night after Chief Walter Scott summoned the aid of sheriff's deputies. The call, by radio, was made at 8:42, p. m. and deputies Herman Larson and James Repp responded.

The boys, who had parked their cars at the intersection were sent on their way with no arrests. It is believed that the gathering was an attempt to carry on the fight which is said to have taken place here Tuesday night.

No information as to the fight which is believed to have taken place Tuesday night was available at press time today. Chief Scott told newsmen Wednesday night that there was no unusual activity in the village that night and it was only today that it was discovered that the call to the sheriff's office seeking help had been made.

Knowledge Cannot Be Legislated

At the close of the Senate Banking Committee's study of the stock market, Senator Robertson of Virginia, a committee member, said: "We have proved the market was not rigged and that there is no speculation of a dangerous character." The chairman, Senator Fulbright, said that he could see no reason for further public hearings though originally he had planned to call them at a later date.

President Funston of the New York Stock Exchange, one of the principal witnesses before the committee, said that in his opinion the inquiry will result in a greatly increased public understanding of that market, and at the same time it underscores the need for a continuing program of public education. As he put it, "If we are going to achieve a more enlightened economic democracy more education is essential. Education is a painstaking process. Knowledge cannot be legislated or shot into the bloodstream."

A great many people have no accurate understanding of the function of the stock exchange. Actually, the exchange is the most effective instrument in existence for spreading economic democracy. Every time an investor makes his first stock purchase, American enterprise gets a new owner and a new boss—which is democracy in action. And the greater the degree of economic democracy a country achieves, the stronger will be its political democracy.

Anything which contributes to an understanding of that will do this nation a service.

Keeping Our Cars Running

At the beginning of the year, it was widely forecast that sales of passenger cars would total 5,500,000 in 1955. Now there is reason for believing that this was too modest a figure—that sales may be as much as a million units higher.

There are 58,000,000 cars in the country now. In 1965, qualified experts think, there will be more than 80,000,000.

That speaks well for the vigor and productive ability of the motor industry. It speaks equally well for the vigor and productive ability of another industry without whose work not a single car could operate, much less 80,000,000. That industry is oil—the producer of the incredible quantities of fuels and lubricants that keep our cars running.

To find oil is a very risky proposition—most wells turn out dry and worthless. On top of that, oil wells depreciate—every gallon removed from any well brings nearer the day when it will be exhausted and must be replaced. And that is why oil producers are given the much-discussed, much-misunderstood depletion allowance. This allowance—which applies to production only and to no other phase of the oil industry—is 27½ per cent of the gross income of the property, with the qualification that it must be limited to an amount equal to 50 per cent of the net in-

come. And it is allowed not to give producers any favors, but to help compensate for inevitable depreciation of existing properties, and to encourage the costly search for new ones.

Without the depletion allowance, you might not be driving your car today!

Haphazard and Unfair

The question of government help in providing for the dependents for servicemen has long been a knotty and controversial one. Dr. Walter B. Martin, president of the American Medical Association, recently observed that, in providing this help, the conservation of our "total medical resources" should be taken into consideration.

The present system, he continued, particularly as it applies to short-term servicemen—the citizen soldiers—is haphazard and unfair. The availability of care is now on the basis of chance proximity to a service institution. And in many areas government hospitals are in competition with civilian hospitals. Dr. Martin said, "Much of the patient load that would normally flow into these hospitals is diverted from community enterprises into government-supported hospitals. This does not make sense from the standpoint of producing good medical care for the American people as a whole. It has resulted in the wasteful duplication of hospital facilities, unwarranted dispersion of needed personnel, and an increased cost of hospital care for those who pay their way."

One proposed solution is a voluntary system of insurance jointly financed by government and the servicemen, containing a clear definition of dependency and freedom of choice to allow dependents to go to an armed forces or a civilian facility, as they wish. This, Dr. Martin said, "would result in a more even distribution of civilian patients as between service and civilian hospitals, stabilize the intake, decrease the cost for the armed services, and support the economy of the civilian hospital system."

The Low Down From Hickory Grove

"Time to Turn Back" or "Why Did We Get Into Socialism Up to Our Waistband in the First Place?" will be the subject of today's lecture. First thing we know if we don't turn back we will be up to our adam's apple and treading water. I have in mind the turning off of the electricity in big blocks in that Pacific Northwest by the boys over in the Govt. power stations along the winding Columbia. The customers being switched off must look to private power to keep 'em running during the Govt. shortage. Without private power in the district as a filler-inner, there would be unemployment and wailing in that otherwise grand and evergreen land.

The Northwest shortage of power and the TVA Tennessee lack of enough power are 2 shining examples upon which the rest of our States can focus their binoculars. These 2 spots are the only ones in the whole land where electricity is not provided in an over-abundance by the privately managed outfits. Folks up in New York state where the socialists are trying to elbow into the power game at Niagara, should sit back and observe what's fooling the kilowatt soup along the Columbia and down Tennessee way. They should look sharp—even at the fine print where it says States and the Govt. never pay taxes.

Time to turn back is now—not at a collar button level that looms in the offing if we don't bridle further foolishments.

Yours with the low down,

JO SERRA

LAKE VILLA

Considerable interest in archery is being shown in this area, and the Northern Illinois Bowmen held open house for members and friends on April 19 at the State Conservation school on Fox Lake near here. Archery films were shown, "Six National Tournaments," "Kaibab Buck," and "The Michigan Deer Story," were shown, and two speakers, DeWayne Gardner, president of the Field division and Hal Kolbe, president of the Bow Hunters' division, gave addresses and answered questions on archery. Local people who are member of the group are Ed Olsen, Mr. and Mrs. Al Sorenson, Mr. and Mrs. Jack Perry and Arthur Evans. Mr. Olsen is vice president of the group and Mr. Perry is field captain of the tournament committee.

Dewey Furlan of the navy visited his family who live on Grand avenue near the school for a time last week.

The Junior choir directed by Mrs. Warren Brown sang at the worship service of the Community church last Sunday, and the Rainbow girls were special guests.

Circle No. 1 of the Woman's Society of Christian Service will meet at the church on Wednesday, May 4, and hostesses for the day will be Mrs. Bessie Boyer, Mrs. Caroline Anderson and her sister, Mrs. M. Anderson. Dessert luncheon at 1 o'clock, followed by a worship service and business meeting. Circle No. 2 of W. S. C. S. met with this group last Wednesday evening and Mrs. Helen Weber showed colored slides of the trip she took last winter to Haiti, Venezuela and many points which was exceedingly interesting. Refreshments were served

and a social time spent afterward.

The school band traveled to Peoria last Saturday to take part in the contest and came back very happy to have been awarded a "first" which is very gratifying. The band will present its spring concert at the school auditorium next Sunday afternoon, May 1.

Don't forget the P. T. A. pot luck dinner and dance Saturday, April 30 at the Lake Villa school gym. Dinner will be served at 7:00 and dancing at 8:30. Music will be furnished by Bob May's orchestra. There will be both modern and

square dancing with caller Harold Chandler.

Kenneth Blumenschein of Lake Villa and Miss Carol Ann Schaeffer of Ingleside were married on Friday evening, April 22 at the Community church by the Rev. Kenneth Plummer, pastor of the church.

They were attended by Mrs. Margie Barth of Ingleside as bridesmaid and by William Effinger of Lake Villa as best man. A reception was held at 8 o'clock at the village hall and attended by many friends to greet the newlyweds. Out of town guests were Mr. and Mrs. Roy Blumenschein of Waukegan, Minn., uncle of the groom, Mr. and Mrs. Joseph Dueszy of Chicago, the bride's sister, Mr. and Mrs. Mike Mueller of Chicago, Larry Walden and friend of Harvey, Ill. Mr. Mueller and Mr. Walden are G. I. friends of the groom. Kenneth and his brother are in business here. The newlyweds have already gone to house-keeping at Petite Lake.

Mr. Alex Radull of Cedar Lake and Chicago passed away very suddenly in Chicago last Wednesday and funeral services were held Saturday afternoon in Chicago with Rev. Plummer officiating. Mr. Radull was employed in Chicago and lived there with his mother while he was not in Lake Villa with his wife, the former Violet Erickson, who is with her mother, Mrs. Ruth Erickson on the north side of Cedar Lake.

Several members of Cedar Lake Camp attended a meeting at Gurnee on Tuesday night and some took part as officers.

Cancer Crusade Aids

Service Programs "In addition to providing funds for research, part of every dollar collected in Lake Villa during the April crusade of the American Cancer Society goes to support the service activities of the Lake County unit," said Mrs. Perry, chairman of the local drive for funds in Lake Villa. Many people do not realize that the service activities are carried on throughout the year. The services include making of bandages, loaning sick room equipment and providing transportation from homes to clinics and hospitals.

The cancer dressing program was started by the Lake county unit in 1948 with two units that made dressings upon request. Since then the demand has increased so that there are now ten cancer dressing units in Waukegan, Deerfield, Deep Lake, Lake Bluff, Ingleside, Libertyville and Prairie View-Long Grove. About 150 women volunteer their services to the local units, and last year they made approximately

15,000 dressings in 12 different sizes.

In addition to the dressings, the Lake county unit also provides "loan closets", including hospital beds and other sickroom supplies to cancer patients in their homes or in a rest home. These services are free to cancer patients and requests are made through the family doctor

or through friends who know of the service. Requests can be made through the Information center maintained by the Lake County unit at 9 So. County st., Waukegan. The phone number is Delta 6-9293.

BEWARE WATCH OUT FOR THE FAST TALKING SALESMAN

Every year about this time, out-of-town roofing salesmen make their appearance in this territory. Any reputable lumber dealer can tell you what happens next! People complain about being charged outrageous prices... complain about inferior materials and poor workmanship. And so we issue this friendly warning: Be on your guard against hit-and-run selling tactics... don't be high-pressured into buying a roof or a siding job at double regular prices... above all, get a quotation from your local lumber dealer... before you buy. Make sure you know what you are getting. Any reliable lumber yard, including ours, will be happy to give you an estimate without cost or obligation.

This Is What You Should Pay

ROOFING
Roofing is sold by the bundle or by the square. It takes three bundles or one square to cover an area 10 x 10 ft. An average size roof, completely applied, should cost about \$6.39 per Month

This Is What You Should Get

No. 1 Quality Ruberoid tile-on 230 pound shingles. The latest colors and patterns (no discontinued lines or factory seconds.) Applied by local workmen and sold by a local merchant who will be right here to back-up a guarantee of complete satisfaction. Johns-Manville First Grade Asbestos Siding. All siding looks good when it's first applied. But it takes first quality material, skillfully applied, to hold up year after year. Because we're here in town to stay, we take pains to see that everything's okay. We want you to be a satisfied customer for years to come.

It's because Ford is continually "first with the most" that it has led its field in resale value for 3 years running. Did you ever try dialing your TV set when the whole family is watching; and maybe a few friends, too?

There's always a protest, no matter how lousy the program. There's always one who wants to see how it came out, anyway. Or, somebody will say, "Leave it on, in just ten minutes a good program is starting."

And so it goes. The amount of time wasted waiting for good programs must be terrific.

But, how about the times when your TV set needs service? Often, people will get along watching distorted or hazy pictures just because it takes too long to get service.

No need to do this and strain your eyes. Phone Antioch 144 or bring your set to COURTEOUS TV. We have the most modern instruments and equipment to do a precise and quick job. Not only TV and radio, but all electronic appliances like record players and sound equipment.

Your kitchen walls stay bright and clean when you cook electrically. So why not enjoy the modern way to cook? A new electric range costs as little as \$2.03 a week to own!

That's far less than the cost of repainting your kitchen every spring. And with electric cooking there are no products of combustion—so you

won't have to wash walls and ceilings nearly as often either.

Today's electric ranges keep your kitchen clean and cool. And many models are completely automatic. See a demonstration this week.

Auxiliary News

At the regular meeting of Antioch unit held on Friday, April 22, Mrs. Agnes Hills, Pan American chairman, gave a very interesting report on the country of Panama, the country studied this year.

Juniors Make Tray Favors

The Junior Auxiliary members, under direction of the Junior chairman, Mrs. Hilma Lightsey, are making tray favors for Downey Hospital for May. The children like to do this work and it gives them a happy feeling that they are helping to make life a little brighter for the patients at the Veterans hospital.

The Poppy—Then and Now

Long before the first world war, the poppy had become indelibly imprinted on the minds of Europeans as a flower of significance. Anciently, the red poppy symbolized death, and by the ancient Romans was dedicated to Somnus, the deity of sleep.

In modern times, in western Europe where the poppy grows wild, battlefields furnished rich soil not only for its good growth but for the rise of all kinds of superstitions concerning it.

During the first World War, history repeated itself and blood again flowed in Flanders fields. Soon the poppies forced their way through the battle-torn earth into the sunlight, and was the one touch of beauty which survived the hideous destruction of war. The soldiers of all nations came to look upon it as the living symbol of the sacrifice of their fallen comrades.

Soon after the close of the war, the little poem, "In Flanders Fields the poppies blow, between the crosses, row on row," written by Col. John McCrae had spread around the world, carrying the picture of the poppies. At once the poppy took on a sacred significance, and became the flower of remembrance for the men who had shed their life's blood around the roots of the little plant. In the poppy was found a way to link the honoring of the dead with service for the living victims of the war.

Another World War has been fought, some of its battles in the same territory. Thousands of our young men made the supreme sacrifice in this war and the little red poppy covered the earth where many of them fell. But wherever they fell, on battlefields over the world, the poppy is their memorial flower and is worn in their honor, as it is for those who gave their lives in the Korean War, halfway around

the world from Flanders Fields. The benefits of the American Legion Auxiliary's Memorial Poppy reach out in many directions, bringing help and hope into lives blighted by war. Veterans in the hospitals and work rooms who make the poppies for our Auxiliary are given beneficial employment which enables them to contribute to the support of their families. Other disabled veterans and needy children of veterans benefit from the rehabilitation and child welfare activities financed by Poppy Day donations.

Many millions of poppies will be worn by true Americans on Poppy Days, May 27 and 28. So do your part that we may "Keep the Faith with those who lie in Flanders Fields."

Tell Moose Women of Academy of Friendship

The Women of the Moose accepted six new candidates at their business meeting last Thursday at the Moose lodge.

The Academy of Friendship invited Mrs. Henry Reinke of Waukegan Chapter No. 792, to explain to the chapter the requirements necessary to become eligible for the Academy. The chapter extended a welcome to three other guests from Waukegan chapter, the Mesdames Saima Finch, Eleanor Benning and Mable Lange.

Senior Regent Mrs. Frank Kennedy, Jr., announced that, due to the time change, the meetings will begin at 8:30 again for the convenience of the chapter's Wisconsin members. The Queen of Sponsors dinner will be served at 7:00 p. m., Illinois time, and 8:00 p. m., Wisconsin time, this evening.

The Mesdames Harry Dexter, Glenn Fox, Leonard Roblin, Nels Jung, Frank Kennedy, Jr., William Meyer, Henry Grewe, Max Weatherbee and Lester Nelson have met the requirements for entrance into the Academy of Friendship and will attend the Friendship ceremony at the Downer's Grove High school.

The donations received through the monthly Birthday March are being used to supply the Chapter with a white Bible and white altar cloth.

The Homemaking chairman, Mrs. Charles Meierdick, and her committee conducted a cake walk after the meeting and followed with refreshments.

Property Owners Warned Against High Pressure Roofing Applicators

Each year home owners of this area are besieged by high pressure roofing and siding applicators who move in from out of town to sell their wares from house to house—for outrageous prices and terms! And each year when these transient "contractors" leave town again, the local builders hear the cry of those who have been victimized, "If I had only known!"

Before signing papers of any kind: Consult any recognized, local lumber and material dealer.

Ask him to show you his line of nationally advertised roofing and siding products.

Ask him to give you a quotation on your requirements, in conjunction with the services of a local contractor or carpenter. You'll be amazed at how low his quotations will be.

Ask him about financing. Home repairs and renovation loans are available under FHA terms up to \$2,500 with no money down and three years to pay.

If you follow these simple suggestions, you will get the best of materials and services—for the least amount of money—and on the best possible terms.

Give Show at Lake Villa

The second of a series of talent shows presented by Antioch Township High School students will be given at the Lake Villa Grade School Monday evening. The 12 acts were selected by faculty-student rating from among those offered by the four classes in the high school.

Class honors are awarded to those students ranking in the top 10 per cent of their class in their respective college. Kapell was valedictorian of his high school class last year and Morris ranked in the upper 10 per cent of the graduating class.

Priscilla Bauguess Queen

Auto License Records Now Sent to Assessor For Personal Taxes

J. P. Miller, township assessor, says his work is getting more complicated every year.

This year the Illinois State License Department sends copies of records of automobile licenses issued and these are to be placed on the personal tax assessment sheets. While no one escapes, the job of recording the tax becomes a bigger job.

It will mean more work for the justice of the peace in collecting the tax, Miller thinks.

LAKE VILLA

Lake Villa Township Library News
The Lake Villa Township Library has acquired several new books for its readers. A number of new mystery stories for young readers have been purchased. Mr. Charles Wulenbacher has given the library copies of "The Day Lincoln Was Shot," "Modern Prints and Drawings," and "Conquest of Man." Dr. George L. Mosby has presented a fine collection of medical reference books.

Brass memorial plates have been installed on the Florence Caldwell dictionary stand, the E. J. Lehmann children's browsing table, and the Martha Madsen set of Book of Knowledge Encyclopedia.

An excellent addition to the library is Carl Sandburg's "Abraham Lincoln," given by Mr. and Mrs. Lester Hamlin in memory of Charles Britton. This one-volume biography of approximately 800 pages is drawn from the author's well-known work in six volumes. Fresh material revealed in the intervening years has been added. Carl Sandburg said of his new one-volume, "I will not accept the words condensation or abridgement—I call the process distilling." Informal, conversational, sometimes dramatic, the one-volume is easier reading and will interest the general reader as well as the Lincoln student.

Another new book at the library is Inglis Fletcher's "The Scots-woman." Author of "Raleigh's Eden, Toil of the Brave, and five other Carolina books, Inglis Fletcher

in this new book called "The Scots-woman returns to the period of the American Revolution where she makes the historical personage of Flora MacDonald the principal character in a novel. Like all of Mrs. Fletcher's Carolina novels, this is a book of action and adventure. Swordplay, a storm at sea, an attack by pirates, political intrigue, the conflicting loyalties of Scots in an alien land, two love stories—all add pageantry to a story that combines fiction and history.

"The Day Lincoln Was Shot" by Jim Bishop is a novel about one of the most fateful days of history. Exciting but not filled with sensationalism, Mr. Bishop's book sometimes contains invented dialogue and imagined thoughts. Such historical free-wheeling heightens the drama of the story. Although this book can not be used by Lincoln students or experts to settle their arguments about fact and myth, it is a good story from which most readers will secure real enjoyment.

The Antioch News

COME ON IN—
the price is fine!

UNLESS we miss our guess, a lot of surprised people are going to do some new back-of-an-envelope arithmetic when they see the Buick price shown here.

Because we know that many folks still don't realize how little a Buick really costs—that the dollar difference between this big Buick SPECIAL 2-door, 6-passenger Sedan and the leading smaller cars has virtually disappeared.

Buick Sales Are Soaring As
Never Before

But more and more of them are finding it out. And that's a major reason why Buick production and Buick sales are soaring to all-time highs today—and why Buick again is outselling all other cars, regardless of price range, except two of the well-known smaller cars.

Big reason, too, for this soaring

popularity is Buick's full line of automobiles, giving you a choice in any price class—the rock-bottom-priced SPECIAL, the high-powered CENTURY, the supremely spacious SUPER, and the custom-built ROADMASTER.

But above all, more and more people are discovering that the price you pay for a Buick buys more sheer automobile than the same money buys elsewhere.

More advanced styling, more deep-down comfort, more pure power thrill, more ride steadiness and handling ease and solidity of structure.

More spectacular performance, too, from the modest extra cost of Buick's automatic transmission.

For here you get Variable Pitch Dynaflo—the new wonder drive born of modern aeronautics to give you instant full-power getaway and acceleration when needed—and far better gas mileage when cruising.

Why not come see us this week, for sure? We'll be happy to have you test-pilot a new Buick, just for the sheer thrill of it—and show you quite clearly that if you can afford any new car, you can afford a Buick.

†Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Antioch High School Again

Accredited by North Central Antioch Township High School officials have received notice from the office of the North Central Association of Colleges and secondary schools that the local high school has been again placed on the list of secondary school approved for the 1955-56 school year. The action was taken at the annual business meeting of the Association in Chicago March 21-25, 1955.

The approval of the Association indicates that the local high school meets satisfactorily the educational standards and qualifications of the North Central Association.

Lakeside Council Met

The Lakeside Girl Scout meeting was held Monday evening at the Antioch Scout House. Officers were elected but names were not furnished to newspapers.

Sequoits Beat Pirates... (continued from page 1)

two of the Pirate runs in the second inning, and an error, bunt single, and a single by Hillesheim gave them their third run.

Although the Sequoits committed three errors only one had any effect on the scoring. Catcher Jerry Meyer caught three Pirates attempting to steal second.

Antioch High School's baseball team isn't living up to the prestige it gained last year when it tied Grayslake for the conference championship.

It lost three games within the past week.

The first loss was last Thursday at Glenbrook where the score was Glenbrook 8, Antioch 5. Seven errors and 11 walks accounted for the loss there.

One terribly bad inning in which Bensenville scored 13 runs accounted for the second loss 21 to 8 to that school at Antioch Friday. The Antioch pitchers were wild and issued many walks and threw plenty of errors.

The best played game of the three was the make-up game at Wauconda Saturday in which Antioch lost 3 to 1. Fred Clarke pitched 5 innings and Wayne Swanson 2 for Antioch and Bucky Lincoln went all the way for Wauconda.

The score was a tie 1-1 in the fourth. Then in the fifth Gene Jascot drove a liner down the left foul line for a home run and a single by Dale Thomas and an error permitted another score.

Antioch got her lone run in the fourth when Mike Haviland singled, stole second, and scored on Sid Parker's single.

The Sequoits had the tying run on base in the seventh with but one out when Dale Thomas at second speared Jim Stonis' line drive and turned it into a game ending double play.

Three members of last year's champion team are still showing up good at the bat this year. Mike Haviland has 10 hits in 18 times at bat for a .556 average; Warren Brownlee is batting .340 and Jerry Meyer .300.

Altar, Rosary Society Plans a Busy Month

A two act play on "Marriage" written, produced and cast under the direction of Mrs. Roy Yancey, study club chairman, will be presented. Those who remember last year's play will know they are in for a treat as well as gaining information. Cake and coffee will be served for the third act.

On May 7 the card and bunco party for the Hot Lunch Program will be held in the church hall at 8 p. m. Mrs. Robert Berg is general chairman. Assisting her will be Mrs. Elizabeth Weber, Mrs. Thomas Runyard, Mrs. E. G. La Plante, Mrs. J. A. Vogler, Mrs. Edward Jacobs, Mrs. Thomas Quilty, Sr., Mrs. Roger Gilday, Mrs. George Haisman, Mrs. Rudy Eckert and Mrs. Thomas Pechousek.

Wednesday afternoon, May 11, the Altar and Rosary society will be hostess to the District meeting of the Lake County Council of Catholic Women. Over 200 members from all over the county will be in attendance in the church hall that day.

Polley Named President

Warren Polley of the business education faculty of the high school was named president of the Chicago Area Business Educators association on Saturday when the group held its monthly luncheon meeting at Marshall Fields in Chicago. He will serve during the 1955-56 school year and at present is finishing his term as secretary of the group, having previously been treasurer.
